

GOVERNMENT PROGRAMS

The principal or his/her designee, oversees participation of Catholic school students in federal/state aid programs. Principals assume responsibility for the implementation of these programs within their schools according to established regulations. Accurate records must be maintained at all times and be available for federal audit.

All funds collected and expended in connection with federal programs are to be so designated. They should not be combined with general school or parish monies. A separate account must be maintained for this purpose exclusively.

Separate accounts for State funding shall be established, maintained and available for state audit.
