BELIEF STATEMENT

The mission of the Catholic schools in the Diocese of Salt Lake City calls us to a deeper commitment of faith and service in education.

1. We believe that Catholic education is Christ-centered and incarnational, striving to address the spiritual, intellectual, emotional, physical, and social needs of each person.
2. We believe that the Catholic school is the most effective means to teach its young people the Catholic culture of faith, values, traditions, and doctrine.
3. We believe that the entire Catholic community shares in the responsibility to educate young people in the faith, spirituality, and traditions of the Catholic Church.
4. We believe the Church and Catholic school support and challenge the parents in their role as the primary educators of their children.
5. We believe the Catholic school is a loving faith community that includes students, parents, clergy, faculty, staff, parishioners, and other school friends.
6. We believe that the Catholic school program maintains standards of academic excellence, recognizing the dignity and uniqueness of the person so that the gifts of each are recognized, developed, and celebrated.
7. We believe that the Catholic school prepares students to be leaders and advocates for justice and peace in the Church and in the world.
8. We believe the Catholic school models justice and financial responsibility in its stewardship of resources: time, talent, and treasure.
9. We believe that given its limited resources, the Catholic school strives to be accessible to students of diverse economic needs, physical, or mental abilities.
