Independent Auditors' Report

The Most Reverend Oscar A. Solis:

We have audited the accompanying financial statements of the Diocesan Pastoral Administration of the Roman Catholic Bishop of Salt Lake City (the Administration), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Diocesan Pastoral Administration of the Roman Catholic Bishop of Salt Lake City as of June 30, 2019 and 2018, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in Note 1(p) to the financial statements, on July 1, 2018, the Administration adopted Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*, requiring a change in the presentation of net assets and enhanced financial statement disclosures. Our opinion is not modified with respect to this matter.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary information in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

KPMG LLP

Salt Lake City, Utah September 20, 2019

Statements of Financial Position

See accompanying notes to financial statements.

Notes to Financial Statements June 30, 2019 and 2018

(1) Organization and Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements include all accounts of the Diocesan Pastoral Administration (the Administration), which is controlled by the Roman Catholic Bishop of Salt Lake City, a Utah corporation sole (the Bishop). As a component of the Bishop, the Administration has no separate legal status or existence. The financial operations of individual parishes, schools, and other Church-related agencies and institutions not directly related to the operations of the Administration are not reflected in these financial statements, except insofar as financial transactions have taken place between them and the Administration. Also excluded are the operations and properties owned and/or administered by entities distinct from the Administration, including those of religious orders and congregations of the Administration, parochial schools, Mount Calvary Cemetery, Catholic Community Services, Catholic Diocese of Salt Lake City Real Estate Corporation, Catholic Diocese of Salt Lake City Capital Development Corporation, The Catholic Foundation of Utah (the Foundation), the Ministries of the Catholic Diocese of Salt Lake City, LLC, a Utah Nonprofit Series Limited Liability Company, including all Series established thereunder, and Skaggs Catholic Center, LLC, a Utah Nonprofit Limited Liability Company, over each of which the Bishop also exercises control.

(b) Net Assets

The financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

(i) Without Donor Restrictions

Net assets without donor restrictions represent resources which are not subject to donor restrictions and over which the Administration retains control to use the funds in order to achieve the Administration's purpose.

(ii) With Donor Restrictions

Net assets with donor restrictions represent resources subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that are restricted by the donor for a particular purpose and that will be met by the passage of time or other events specified by the donor. The Administration has no donor-imposed restrictions that resources are to be maintained in perpetuity as of June 30, 2019 and 2018. Donor restricted contributions whose restrictions are not met in the same reporting period are recorded as contributions with donor restrictions then as net assets released from restrictions when restriction is met. Donor restricted funds may only be utilized in accordance with the purpose established by the source of such funds.

(c) Cash Equivalents

Cash equivalents consist of investments in money market funds with original maturity dates to the Administration of three months or less at the date of purchase. Cash equivalents consist of money market funds and totaled \$458,156 and \$1,071,052 at June 30, 2019 and 2018, respectively. The cash equivalents are Level 1 securities as described in the fair value hierarchy at note 3 *Fair Value Measurements*.

Notes to Financial Statements June 30, 2019 and 2018

(d) Accounts Receivable

Diocesan Development Drive (DDD) receivables consist of unconditional promises to give related to the annual DDD campaign and are due within one year. The Administration believes these amounts to be fully collectible.

All other accounts receivable are recorded at the invoiced amount. As of June 30, 2019 and 2018, there was no allowance for doubtful accounts. The Administration reviews past-due balances individually for collectability.

(e) Investments

Investments in securities are measured at fair market value in the statements of financial position using quoted market prices. Unrealized gains and losses on investments are reported in the statements of activities as increases or decreases in net assets. Realized gains and losses are determined on a specific identification basis. Dividend income on securities owned is recorded on the ex-dividend date. Interest income is recognized on the accrual basis.

(f) Notes Receivable

Cash payments are made by the Administration on behalf of clergy members. The Administration does not charge interest on these payments, but does require that a payment plan and timely payments be made on the outstanding receivable balances.

(g) Land

Land held for future parish sites or Administration-related institutions is carried at cost. Real estate donated or bequeathed to the Administration is recorded at its fair market value at the date received. It is a policy of the Administration to purchase or hold only those sites that are reasonably foreseen to be necessary for future parish development or Administration-related institutions.

During the year ended June 30, 2004, the Administration received a donation of land in Park City, Utah with a fair value of \$1,900,000. This land is currently being used by the Administration for parish activities, and the Administration has no current plans to sell the land. Should the Administration sell the land, although the Administration is not contractually obligated to do so, the Administration has agreed that the proceeds received on the sale of the land will be contributed to the Vivian Skaggs Armstrong Foundation for Roman Catholic and Community Charities.

(h) Buildings and Equipment

Buildings and equipment are recorded at cost less accumulated depreciation. Depreciation on buildings and equipment is calculated using the straight-line method over the estimated useful lives of the assets. The estimated useful life for buildings and improvements is 15 to 30 years, for furniture and equipment is 3 to 10 years, and for automobiles is 7 years. Donated assets are recorded at appraised value at the date of donation.

(i) Interest in The Catholic Foundation of Utah

The Administration reports the interest in the Foundation in the accompanying statements of financial position and the change in interest in the Foundation in the accompanying statements of activities in

Notes to Financial Statements June 30, 2019 and 2018

accordance with Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. ASC Topic 958 requires an organization that transfers cash or other financial assets to a financially interrelated recipient organization to account for the transfer as an interest in the recipient organization and to adjust that interest for its share of the change in interest in the recipient organization.

(i) Other Assets

Other assets consist primarily of a life insurance agreement, which the Administration is the beneficiary. The Company accounts for its investments in life insurance policies using ASC 325-30, *Investments in Insurance Contracts*. Management records its investment in life insurance policies at the amount that could be realized under the insurance contract at the date of the statement of financial position (cash surrender value).

(k) Support and Revenue Recognition

Revenue is recognized when earned. Contributions and pledges are recognized as support at their fair value in the period received. All amounts not received by year-end are due in less than one year.

(I) Health Insurance Premiums and Claims

The Administration has a self-insurance program for medical services, dental services, and prescriptions that covers its employees as well as employees of other Catholic entities under the control of the Bishop. The Administration bears all financial risk and collects monthly premiums from employees as well as remits cash to pay claims as incurred. Reserves for incurred, but not reported, claims arising from the self-insured benefits have been recorded and are based upon historical experience and market available information related to both health insurance claims and payments, and actuarial calculations. The accrued health insurance balance was \$491,229 and \$458,350 at June 30, 2019 and 2018, respectively, and is included in accrued expenses in the accompanying statements of financial position.

(m) Income Taxes

No provision for income taxes has been provided as the Administration is exempt from federal income tax under provisions under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3) of the Internal Revenue Code, as indicated in a determination letter to the United States Conference of Catholic Bishops from the Internal Revenue Service (IRS) dated October 24, 2018.

U.S. generally accepted accounting principles require management to evaluate tax positions taken by the Administration and recognize a tax liability if the Administration has taken an uncertain position that more likely than not would not be not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Administration, and has concluded that as of June 30, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Administration is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Notes to Financial Statements June 30, 2019 and 2018

(n) Transfers from (to) Other Catholic Entities

Transfers from (to) other Catholic entities consist of transfers of financial and nonfinancial assets between the Administration and other Catholic entities under the control of the Bishop.

(o) Use of Estimates

The Administration has made a number of estimates and assumptions relating to the reporting of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

(p) Implementation of New Accounting Pronouncement

Accounting Standards Update (ASU) No. 2016-14: *Presentation of Financial Statements of Not-for-Profit Entities* (ASU 2016-14) was issued in a prior year. The main provisions of ASU 2016-14, which amend the requirements for financial statements and notes in Accounting Standards Codification Topic 958, *Not-for-Profit Entities*, require a not-for-profit entity to change the reporting of net asset classes, expenses, and liquidity in their financial statements. This ASU is effective for annual periods in fiscal years beginning after December 15, 2017, although early adoption was permitted. The Administration adopted ASU 2016-14 in the current year.

The ASU required the following enhanced disclosures that pertain to the Administration: the composition of net assets with donor restrictions at the end of the period; qualitative information on how the Administration manages its liquid resources; quantitative and qualitative information on the availability of the Administration's financial assets at the date of the statement of financial position; amounts of expenses among program and support functions; and methods used to allocate costs among program and support functions.

As a result of these changes, the Administration now presents the unrestricted and temporarily restricted net assets in the statement of financial position as net assets without donor restrictions and with donor restrictions. Information of liquidity and availability of resources has been disclosed and a table of functional expenses has been added to note 5 *Functional Classification of Expenses*. Costs are classified in each functional category based on the underlying purpose of each transaction. The ASU has been applied retrospectively to all periods presented. Certain amounts in the 2018 financial statements were restated to conform with current year presentation.

Notes to Financial Statements June 30, 2019 and 2018

(2) Buildings, Equipment and Automobiles, Net

Buildings, equipment and automobiles, net consisted of the following at June 30:

	Estimated useful lives		2019	2018
Buildings and improvements	15–30 years	\$	15,711,935	15,615,098
Furniture and equipment	3–10 years		821,914	821,914
Automobiles	7 years	_	244,600	246,031
			16,778,449	16,683,043
Accumulated depreciation		_	(12,698,676)	(12,227,612)
		\$_	4,079,773	4,455,431

(3) Fair Value Measurements

The methodologies used to determine the fair values of assets and liabilities under the "exit price" notion reflect market participant objectives and are based on the application of the fair value hierarchy that prioritizes observable market inputs over unobservable inputs. The hierarchy is based on the reliability of inputs as follows:

- Level 1 Valuation is based upon quoted prices for identical assets and liabilities in active markets.
 The Administration does not adjust the quoted price for Level 1 securities.
- Level 2 Valuation is based upon quoted prices for similar instruments in active markets, quoted prices
 for identical or similar instruments in markets that are not active, and independent pricing models or
 other model-based valuation techniques such as the present value of future cash flows, adjusted for
 the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions
 for which all significant assumptions are observable in the market.
- Level 3 Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

Notes to Financial Statements June 30, 2019 and 2018

The following tables summarize the levels within the fair value hierarchy in which the fair value measurements of the Administration's investments are classified as of June 30, 2019 and 2018:

Asset		Level 1	Level 2	Total
June 30, 2019 at fair value:				
Common stocks (a)	\$	201,090	_	201,090
Domestic corporate bonds (b)		_	3,742,895	3,742,895
Certificates of deposit (c)		_	1,196,312	1,196,312
International corporate bonds (d)		_	381,262	381,262
Unit investment trusts (e)		1,360,894	_	1,360,894
Government bonds (f)			149,222	149,222
	\$_	1,561,984	5,469,691	7,031,675
		_		
Asset		Level 1	Level 2	Total
June 30, 2018 at fair value:				
Common stocks (a)	\$	117,270	_	117,270
Domestic corporate bonds (b)		_	3,253,132	3,253,132
Certificates of deposit (c)		_	190,056	190,056
International corporate bonds (d)		_	367,594	367,594
Unit investment trusts (e)		1,998,675	_	1,998,675
Government bonds (f)			244,157	244,157
	\$	2,115,945	4,054,939	6,170,884

The Administration's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level or risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of financial position.

The investment categories above reflect the fair value of the investments. For each of the categories described above, the fair value of the investments has been determined by obtaining either quoted market prices of the security or quoted market prices of similar, comparable securities as follows:

- (a) This category includes investments in domestic corporate stock.
- (b) This category includes investments in corporate bonds obtained on domestic exchanges.
- (c) This category includes bank deposits (time deposits) that earn a contractual rate of interest over a specified period of time.
- (d) This category includes investments in corporate bonds obtained on foreign exchanges.

Notes to Financial Statements June 30, 2019 and 2018

- (e) This category includes a pooled investment vehicle of stocks, bonds, or other securities deposited into the trust.
- (f) This category includes bonds issued by the federal government or government agency.

There were no transfers between Level 1 and Level 2 investments during the year.

(4) Line of Credit

The Administration maintains one unsecured line of credit with a credit limit of \$1,000,000 available through November 10, 2019 with a commercial bank. No commitment fees or compensating balance arrangements are required under the terms of the credit arrangement. The interest on the unpaid outstanding principal balance accrues at a variable rate equal to the prime rate. There were no amounts drawn on the line of credit at June 30, 2019 and 2018.

(5) Functional Classification of Expenses

The costs of operating and supporting services activities have been summarized in the statements of activities. The expense analysis in the table below presents the natural classification detail of expense by function. Health claims, utilities, and depreciation expenses are allocated based on the full-time employee (FTE) count. Other costs are classified in each functional category based on the underlying purpose of each transaction.

(6) Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes as of June 30:

	 2019	2018
Donor restricted funds for the following programs:		
Hispanic Lay Ecclesial Ministry	\$ 18,697	14,374
Region XIII Enhave	15,477	21,099
CRS – CBI	11,191	11,880
Mission Fund	48,321	81,632
Seminarian Education	172,065	40,853
Campus Ministry	2,000	2,000
Catholic Schools Special Needs	6,516	39,640
Mass Stipends	 7,162	4,651
	\$ 281,429	216,129

(7) Liquidity and Availability

The Administration regularly monitors liquidity required to meet its operating needs, liabilities, and other obligations as they become due. In addition to financial assets available to meet general expenditures over the next twelve months, the Administration operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures. As part of its liquidity plan, excess cash is invested in short-term investments, including money market accounts and certificates of deposit.

Notes to Financial Statements June 30, 2019 and 2018

The following assets could readily be made available within one year of the date of the statement of financial position to meet general expenditures:

Financial assets:

Cash and cash equivalents	\$ 2,296,842
Accounts receivable - Diocesan Development Drive	352,473
Accounts receivable - Other	12,157
Notes receivable	158,075
Interest receivable	40,174
Investments	7,031,675
Interest in The Catholic Foundation of Utah	 7,120,234
	17,011,630
Less those unavailable for general expenditures within one year, due to:	
Restricted by donor with purpose restrictions	281,429
Interest in The Catholic Foundation of Utah	 7,120,234
Financial assets available to meet cash needs for general	
expenditures within one year	\$ 9,609,967

(8) Pension Plan

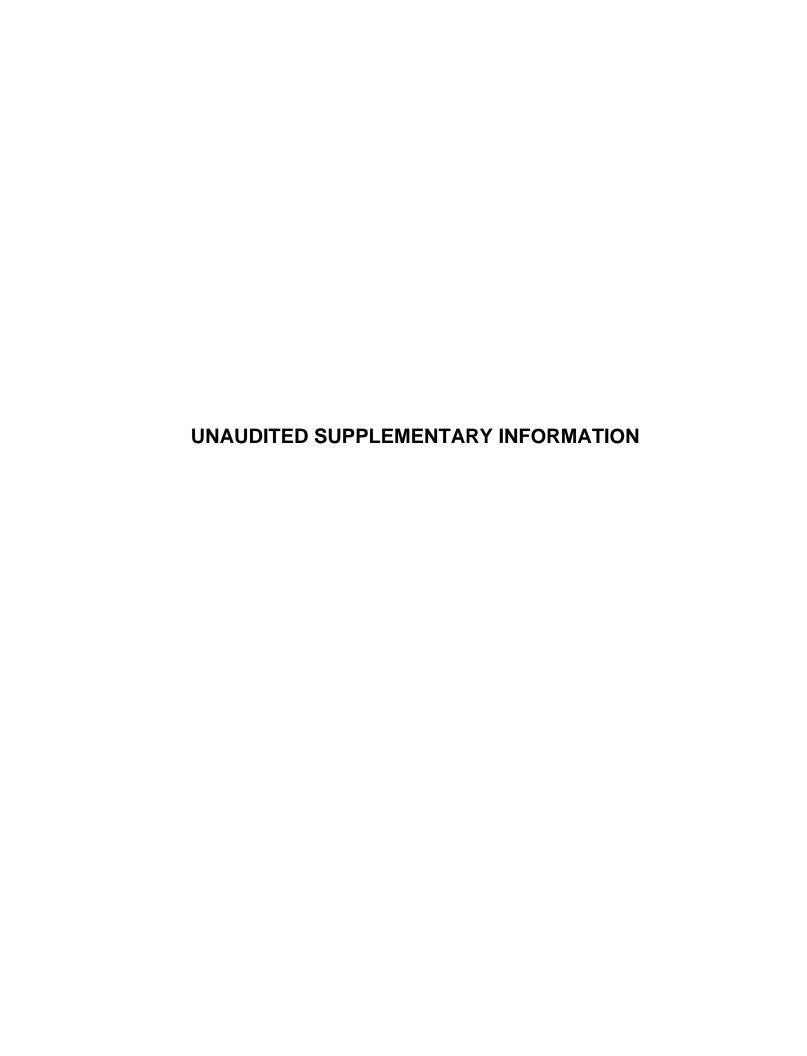

The Administration has a defined contribution pension plan (the Plan) covering lay employees who work a minimum of 20 hours per week. Contributions are made at the discretion of the Administration based on salaries and wages paid during the reporting period. Contributions under the Plan for the years ended June 30, 2019 and 2018 were \$102,441 and \$99,952, respectively.

(9) Contingencies

The Administration may be involved periodically in litigation arising in its normal course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Administration's future financial position or results of operations.

(10) Subsequent Events

The Administration has evaluated subsequent events through September 20, 2019, the date the financial statements were available to be issued, and determined there were no items to disclose.

Current Operations Net Assets

Years ended June 30, 2019 and 2018

(Unaudited)

Designated components of current operations included in net assets without donor restrictions and with donor restrictions as of June 30, 2019 and 2018 are as follows (unaudited):
