HB 70	Coleman	Community Reinvestment Agency Modifications: requires a community that creates an agency having a housing allocation from tax increment to create an affordable housing plan; ► allows an agency to use the agency's housing allocation to implement the affordable housing plan; requires a description of how an agency used the agency's housing allocation in the agency's annual budget report; imposes certain requirements on jobs that will be created for post-performance distribution; for urban renewal project areas, removes the option to reduce the agency's housing allocation; requires an agency to start distributing the agency's housing allocation held from project areas created in the past	Watch. Appears to favor economic development projects over affordable housing.	HC
HB 87	Weight	Safe Storage of Firearms Amendments: makes it a criminal offense to store a firearm in a place that the firearm owner knows or has reason to believe a minor or person legally restricted from possessing a firearm has access; requires a firearm dealer to post written notice of possible prosecution for negligent storage of a firearm and provides a penalty for failure to post the notice.	Support as protecting the sanctity of life.	FHC
HB 103	Spendlove	Utah Intergenerational Poverty Work and Self-Sufficiency Tax Credit: enacts a refundable state earned income tax credit for	Support as option for the poor. People in poverty are often trapped in an intergenerational cycle that prevents them from pursuing higher education and	H

HB 210	Ward	Medicaid Expansion Program Revisions: removes the requirement that reimbursements for Medicaid providers increase annually at a certain rate; makes changes to the Inpatient Hospital Assessment and the Medicaid Expansion Hospital Assessment; permits funds from the Medicaid Expansion Fund to be used for the Medicaid expansion to the full optional population under the Affordable Care Act; amends provisions relating to the state sales tax.	Support as protecting the dignity and sanctity of life. This bill makes some sensible tweaks to the voter-approved Medicaid expansion without undermining the core principles supported by voters. HB 244	Hutchings	Misdemeanor Sentencing Timeline Clarifications: reduces the maximum incarceration time for a misdemeanor by one day to 364 days; and exempts from the reduction, the provision for persons serving a felony sentence in the Utah Prison.	Support as protecting the dignity of life. A person who commits a low-level, non-violent misdemeanor should not be deported to a home country where their life is endangered. A one day change means the person still serves their time for the criminal act without also facing automatic deportation.	PHC PH PSC S

HB 317 1st sub	Eliason	Homeless Resource Center Drug Free Zone: modifies penalties for certain prohibited acts committed in or on the grounds of a permanent housing, permanent supportive, or transitional facility.	Watch for impact on preferential option for the poor. The bill was amended to focus on drug distribution, eliminating our concerns that it would also target individuals with drug addictions. Housing First requires getting people into housing regardless of an addiction and then addressing the addiction once he or she has a safe place to live. As amended, the bill better reflects this practice, but issues may still arise.	PHC PH PSC S
HB 318	Pitcher	Inmate Restrictions Standards Amendments: provides that the least restrictive restraints are to be used on a pregnant inmate; requires that a correctional staff member individually review an inmate's situation before allowing restraints to be used on an inmate during labor, delivery, and postpartum recovery; prohibits the use of shackles or other restraints during labor and delivery; requires the correctional staff member to document in a written record all decisions made regarding the use of restraints on a pregnant inmate; extends the requirements to county jails.	Support as protecting the dignity and sanctity of life.	PH PHC SC
HB 342	King	Homeless Provider Oversight Amendments: requires the Homeless Coordinating Committee to prepare and implement a statewide strategy for minimizing homelessness in the state; describes requirements for evaluating and reporting on progress toward the strategic plan goals; describes requirements related to awarding contracts from the Pamela Atkinson Homeless Account.	Support as providing preferential option for the poor and dignity of life. Homeless providers are already well on the way to implementing a much more inclusive and accountable system for serving the needs of the homeless. This bill ensures the state is also better informed and engaged in oversight.	PH SC

HB 379	Thurston	Intergenerational Poverty Solution: creates the Earned Income and Education Savings Incentive Program (the program), including: providing a process for an individual identified by the Department of Workforce Services as experiencing intergenerational poverty to receive a state match of deposits into certain 529 savings accounts.	Watch. This bill mandates how families use a state EITC by requiring that the credit be deposited into a 529 educational savings account. While the bill recognizes the importance of education for ending poverty, it undermines the dignity of the human being by eliminating their free agency to determine their own financial priorities. However, we encourage legislators to merge this with HB 103 so that recipients would have the option to invest in a 529 or use their refund for other needs.	PHC H
HB 386	Briscoe	Economic Development and Affordable Homes Amendments: modifies how money from the Olene Walker Housing Loan Fund may be used; modifies how money from the Economic Revitalization and Investment Fund may be used; creates the Affordable Housing Preservation Fund and describes the allowable uses of money from the fund.	Support as providing option for the poor. This bill provides incentives to develop affordable housing, including alternative models such as tiny homes, community land trusts and single room occupancy units.	PHC H
HB 427	Acton	Sexual Assault and Domestic Violence Victims Amendments: requires the creation of a mobile application to assist victims of domestic violence and sexual abuse; requires certain state entities to develop, support, and maintain the mobile application; and dictates certain elements to be included in the mobile application.	Support as an effort to protect the dignity and sanctity of life.	H
HB 431	Hutchings	Expungement Act Amendments: allows for automatic expungement of charges for which an individual is acquitted, charges that are dismissed with prejudice, and certain convictions; creates a process for automatic expungement.	Support as protecting the dignity of life, rights and responsibilities, participation in community, and dignity of work. 4th sub SB 96	Christensen	Medicaid Expansion Adjustments: makes changes to eligibility for and administration of the state Medicaid program; directs the Department of Health to continue to seek approval from the federal government to implement the Medicaid waiver expansion; directs the department to submit a request to the federal government to provide Medicaid benefits to enrollees who are newly eligible under the Medicaid waiver expansion in a manner that: incorporates a per capita cap on federal reimbursement; limits presumptive eligibility; imposes a lock-out period for individuals who violate certain program requirements; and gives enrollees continuous eligibility for a period of 12 months; directs the department to submit a request to the federal government to allow Medicaid funds to be used for housing supports for certain enrollees; amends provisions related to the Medicaid Expansion Fund; amends provisions related to the state sales tax.	Oppose as against the dignity and sanctity of life. The bill would amend the Prop 3 passed Medicaid Expansion to cover at least 50,000 less people at a greater cost and further undermine Utah voters' decision to enact a broader Medicaid expansion.
