

FUND RAISING

Fundraising Projects

No organization may promote a fundraising project in the school's name without prior approval of the school.

Finances

All funds collected by the various activity groups of the school shall be deposited in an authorized school account. Those funds shall be disbursed by the school in the approved procedure for purchasing and disbursement.

These fundraising revenues are monitored and administered by the principal.

Unless previously designated and approved by the principal, all funds raised on behalf of the school or its activities associations are ultimately used at the discretion of the principal.

Handling of funds should be in accordance with diocesan procedures and general accounting practices.
